WHO is AuDMED?

AuDMED works with you to achieve the success you're looking for in your practice. Backed by over 40 years of proven industry experience, we firmly believe you have to work on your business, not just in it. *AuDMED's* DNA Modeling Process provides a unique way to look at the health of your practice, where you've been successful and what the gaps are between good to great.

Our Goals:

- **UNDERSTAND** your current business successes and challenges
- **PROVIDE** perspective around process and support systems that will enhance your current audiology and hearing aid practice structure
- **DESIGN** an individualized approach to capitalize on the strengths and eliminate inefficiencies
- **DEPLOY** agreed upon process, maintain a watchful eye on outcomes and continually enhance systems that are core success elements

“AuDMED has helped us bring focus to the value of audiology in our ENT business.”

Kelly Barrow, M.A.

AuDMED PROCESS

*Wherever you are,
that's where we begin.*

No matter if you are a brand-new practice or have been in business for 20 years, every aspect of a healthy business needs attention to avoid financial plateaus and process complacency. **AuDMED's** DNA Modeling Process provides a unique perspective for any owner, manager or clinician.
